PROFESSIONAL SUMMARY

SQA Engineer with 3.5+ years of experience in testing web, mobile, and API-based enterprise applications, particularly in fintech systems. Skilled in both manual and automation testing using Selenium WebDriver, Cucumber (BDD), and TestNG. Strong expertise in test case design, defect management, API validation, and performance testing. Experienced in Agile environments with a focus on quality ownership, test coverage, and continuous improvement. Proven ability to present QA findings and collaborate with cross-functional teams to ensure high-quality product releases.

PROFESSIONAL EXPERIENCE

SQA Engineer

Sept 2022 - Present

DataSoft System Bangladesh Limited — Dhaka, Bangladesh

Core Responsibilities:

- Designed and maintained 2000+ test cases, increasing regression coverage by 40%.
- Developed and executed test plans, test cases, and test scripts for enterprise applications
- Performed functional, regression, integration, exploratory, and cross-browser testing.
- Built and maintained automation frameworks using Selenium WebDriver, Cucumber (BDD), and JUnit (POM design pattern).
- Validated request/response contracts, edge cases, and error handling.
- Performed SQL-based backend validation for data integrity.
- Executed performance and load testing using Apache JMeter.
- Performed basic security testing using Burp Suite to identify potential vulnerabilities.
- Logged, tracked, and managed defects using Redmine, ensuring proper defect lifecycle management.
- Collaborated with developers to perform root cause analysis (RCA) and ensure timely resolution.
- Participated in Agile/Scrum ceremonies, including sprint planning, backlog grooming, and daily stand-ups.
- Contributed to test planning, estimation, and QA process improvements, enhancing overall testing efficiency.
- Mentored junior QA engineers, improving team productivity and automation adoption.

Key Achievements:

- **Reduced production defects by 35% through improved test coverage and automation.**
- **Increased regression test coverage by 40% across web and mobile platforms.**
- **Awarded "Star Player" (2024) for outstanding QA performance and contribution to product quality.**
- **Developed DataShift, reducing data migration effort from 80 hours to 7 hours per branch, saving significant operational time.**

TECHNICAL SKILLS

- **QA & Testing** : Functional, Regression, Integration, Exploratory Testing, UAT, Cross-browser & Mobile Application Testing
- **Automation** : Selenium WebDriver, Cucumber (BDD), Appium, TestNG, JUnit
- **API Testing** : Postman, Newman, REST API Validation
- **Performance & Load Testing** : Apache JMeter
- **CI/CD & Tools** : Jenkins, Git, Jira, Redmine, Chrome DevTools, Burp Suite
- **Programming & Databases** : Java, Python, SQL, HTML, CSS
- **Methodologies** : Agile / Scrum, Requirement Analysis, Test Planning, Defect Lifecycle Management, Release Validation

KEY PROJECTS

Microfin360 Next — *Enterprise Microfinance Platform | 350+ MFIs*

- Performed end-to-end functional, regression, and integration testing for a large-scale fintech platform.
- Built automated regression test suites using Selenium, Cucumber, and Java.
- Validated APIs, database transactions, and critical financial workflows to ensure system accuracy and reliability.
- Collaborated with cross-functional teams to define QA strategies and maintain release quality.

DataShift — *Data Migration Automation Tool | Self-Initiated | Python & Selenium*

- Designed and developed a data migration automation system using Python and Selenium.
- Reduced migration effort by 90% — from 80 hours to 7 hours per branch.
- Improved migration accuracy and significantly accelerated deployment timelines across branches.

EDUCATION

BSc in Computer Science and Engineering

Jan 2018 - Feb 2022

Green University of Bangladesh, Dhaka

COURSES

IT Training BD — Hands-on SQA & Cyber Security Course

Jun - Aug 2022

TestDome — Java and SQL Certification (Top 10% scorer)

April 2022

SOFT SKILLS

Strong analytical and problem-solving ability • High attention to detail • Ownership mindset and accountability • Effective communication and teamwork • Adaptability in fast-paced Agile environments

LANGUAGES

Bengali — Native

English — Professional
